## MEMORANDA.

*Trade.*—The imports during September were valued at £3,330,352, which shows a decrease of £428,506, as compared with the corresponding month of last year. For the nine months there was a decrease of £767,671, or nearly 3 per cent., as compared with last year. The direct oversea imports during September amounted to £1,794,252, as compared with £1,696,342 in 1908; the total for the nine months was £14,982,440, an increase of £207,997 over the corresponding figures for 1908. There were decreases in a number of the principal articles; apparel and soft goods, agricultural implements, cordage and twines, iron and steel, kerosene, leather, and sugar, however, showed increases.

The oversea exports for September amounted to £1,946,938, being a decrease of £353,929 compared with the corresponding month of last year. For the nine months there was a decrease in the oversea exports of £1,071,816, or over 6 per cent., as compared with last year.

Principal increases during the nine months were:— £

Wool ...	...	...	...	100,846
Wheat	...	...	...	622,191
Meats ...	...	...	...	176,083
Tallow...	...	...	...	181,908

Principal decreases during the same period were:— £

Minerals	...	...	...	822,873
Butter...	...	...	...	153,628

Separating merchandise from gold, the exports of the former during the nine months increased by £430,594, but the latter decreased by £1,502,410.

*Public Finances.*—The Public Accounts for September show that the net revenue for the month was £1,076,228, or £13,926 more than in September of last year. During the three months ended 30th September the revenue was £3,123,452, being £18,232 less than the corresponding period of the last financial year.

Principal increases during the three months were:— £

From Railways and Tramways	...	19,703
„ Water and Sewerage Rates	...	36,005

Principal decreases during the same period were:— £

Commonwealth Revenue	...	...	38,379
Taxation	...	...	21,658
Lands ...	...	...	49,272

The expenditure during September was £1,482,352, an increase of £210,439 as compared with September of last year. During the three months the expenditure was £3,519,341, being £48,448 more than in 1908-9.

Principal increases during the three months were:— £

On Government Departments	...	9,206
„ Business Undertakings	... ..	102,219
„ Interest payments	... ..	10,123

On the 30th September, 1909, the Consolidated Revenue Account was in debit to the amount of £164,264, but payments in anticipation of Loan Votes have been made to the extent of £412,260, which on passing of the Loan Act for the year, will be transferred to the General Loan Account, thus relieving the Consolidated Revenue Fund by that amount.

*Gold Production.*—The gold yield during September was 26,536 oz. crude, equal to 23,425 oz. fine, valued at £99,502. The value of gold produced during the nine months was £641,075, and showed a decrease of £71,966, as compared with the corresponding period of 1908.

*Prices.*—The general index number for September was lower than in August, but higher than for September last year. The index number for pastoral produce was 1,156, for metals 1,034, and for all articles 1,192. Prices generally were lower than in the previous month, the principal articles to show decreases being butter and wheat. There was, however, an advance both in greasy and scoured wool.

*Meteorology.*—During the month of September, four rainstorms passed over the State, but the falls recorded were, for the most part, below the average. The Hunter and Manning, North Coast, and portions of the Slopes, Plains, and Riverina districts were most benefited, and received totals either closely approaching or exceeding the average. The temperature during the month may be classed as mild generally, excepting perhaps, the highlands, where an occasional low reading was recorded.

*Land Selections.*—During September 130 new settlers applied for 80,917 acres; and 47,251 acres, representing 61 blocks, were set apart for residential settlement. Since the beginning of the year the number of new settlers has been 1,929, and the area applied for 1,278,062 acres. The original area set apart for residential settlement since the 1st January has been 1,049,710 acres, representing 1,289 blocks.

NOTE.—It will be observed that the net receipts from Reproductive Services were almost sufficient to pay the interest on the whole of the Public Debt. The result of the working of Partly Productive Services and of Public Buildings, &c. (either net receipts or net expenditure), is not given, as the figures cannot be ascertained satisfactorily. It must be remembered, however, that these works have been of great service in helping the development of the State, and without them the Reproductive Services would not show so high a return.
